Hello all

I apologize for the lateness of this email. We are going to have a day out on the spring creeks of the Waikato this weekend. We are doing something different to the usual meet at White Road car park and fish up from there. We are hoping to put some members onto different water like the Waimakariri, Oraka and lower parts of Waihou. Maybe give you a bit of technical information on how to catch the Spring Creek trout?

These waters are crystal clear spring-fed stream that holds a huge number of small to medium sized rainbow trout. These are great water boost your confidence.

Garth Plank, Doug Snell and I will bring running this day out.

Please can you email me and we can arrange the details accordingly.

Yours faithfully

Chris Young
